

DOVES FOR PEACE

Let us work together:

Tracy carves a stone dove, you buy it. Your money goes to one of the Peace and Disarmament groups, like [Ground Zero Center](#), [International Campaign to Abolish Nuclear Weapons](#), [Washington Physicians for Social Responsibility](#),
From [Hiroshima to Hope \(Hibakusha\)](#), [Marshall Islanders](#), [VFP Golden Rule](#),
[Ploughshares Fund](#), [Nuclear Voices](#), or any other group you choose,
and you keep the dove as your receipt.

DOVES IN PUBLIC PLACES

I have donated a few larger stone doves to public spaces, where visitors may observe and touch them, and be reminded of our need for Peace In Our World.

This marble Dove sits by the shrine to Father Treacy, at the former Camp Brotherhood, now Camp Korey, south of Mount Vernon WA, where I learned stone carving years ago, with the NorthWest Stone Sculptors Association.

GROUND ZERO CENTER FOR NONVIOLENT ACTION, adjacent to Bangor Trident Base on Kitsap Peninsula, where half the US nuclear armed submarines are homeported. The folks here are on the frontline of Peace and Nuclear Disarmament.

and make a contribution to any of the Peace and
Disarmament nonprofit groups I work with, or any
others you prefer, please contact me:**
